

NO BALLOONS
FOR UNDER 3s

WARNING! CHOKING HAZARD

- We don't give balloons to children under 3.
- Children under 8 can choke or suffocate on burst or uninflated balloons.
- Children under 8 must have an adult with them.
- Not for anyone, of any age, who puts things in their mouth.
- **If a balloon pops in a child's mouth, pieces can be breathed straight in and block their breathing within seconds.**

POPPED BALLOON? PICK IT UP STRAIGHT AWAY

Little ones can put the pieces in their mouths, so put every piece in the bin, or bring it back to me.

GROWN-UPS: TAKING A BALLOON FOR A CHILD UNDER 3?

THIS BALLOON IS YOURS TO LOOK AFTER.
DO NOT GIVE IT TO YOUR CHILD.

Keep it out of their reach. See the choking warning above.

This is real safety, not just a rule.

Balloons are made of latex. Please tell me about any allergies.
